Return of Capital. The Fund may make distributions that are treated as return of capital. *A return of capital may occur for example, when some or all of the money that you invested in a Fund is paid back to you.* A return of capital distribution does not necessarily reflect a Fund's investment performance and should not be confused with "yield," "income" or "profit." You should not draw any conclusions about a Fund's investment performance from the amount of this distribution or from the terms of the Funds' distribution policy.

Not Tax Reporting. The amounts and sources of distributions reported in this notice are only estimates in order to comply with SEC regulations and are not being provided for tax reporting purposes. The actual amounts and sources of the amounts for tax reporting purposes will depend upon each Fund's investment experience during the remainder of its fiscal year and may be subject to changes based on tax regulations. The Fund will send you a Form 1099-DIV in early 2023 for the 2022 calendar year that will tell you how to report these distributions for federal income tax purposes (e.g., ordinary income, long-term capital gain or return of capital).
